## *The Wine Journey*

*Edition September 2024*

*"Wine is art, and like other art forms, it has the ability to take us out of ourselves: transporting the taster on an imaginary journey around the world, and back in time. Giving pleasure to the senses, it widens our horizons..." MB*

*Spring in the vineyard.*

Embark on a sensory voyage from vineyard to glass as you peruse our extensive wine list, boasting a curated selection of 1000 labels from some of the world's most esteemed wine regions. Nestled within the heart of Hilton Sydney, glass brasserie proudly houses one of Australia's largest collections of fine wines, showcasing both local treasures and coveted bottles from across the globe. Our team of sommeliers and wine waiters stand ready to guide you through this oenophilic odyssey, offering personalized recommendations and fulfilling your vinous desires with expertise and enthusiasm. Whether you seek the best of Australian terroir or elusive gems from distant vineyards, our cellar, featuring a 3500-bottle wine wall, promises an unparalleled exploration of wine's diverse landscapes and flavours. Rest assured, each bottle within our climate-controlled cellars has been meticulously stored since its release, sourced directly from esteemed wineries, estates, and châteaux. While we take pride in the quality and provenance of our older 'museum' bottles, we recognize that every wine has its own narrative, and we pledge to unearth that perfect bottle, ensuring an unforgettable wine experience for every palate. Enjoy.

## Champagne Library, Desirable & Rare

The nectar of monarchs; kings, princes and nobles were the first lovers of Champagne. Today, great men & women of the world each have their favourite Champagne and their choices are as varied as their political beliefs. – *The Comité Champagne*

*Taittinger is the 3<sup>rd</sup> oldest Champagne house and can be traced as far back as 1734. The Comte de Champagne is made exclusively from Grand Cru Chardonnay grapes from the best vineyards of the Côte des Blancs. Only wines from the first pressing (La Cuvée) are used.*

# Sparkling

"The philosophy for Arras sparkling wines is simple, to create world class sparkling wines. Created by Australia's most awarded sparkling winemaker, Ed Carr, outstanding fruit are sourced across Tasmania's premium cold climate regions. The art of blending sparkling wine is one that can only be mastered by perfecting the craft, patience to allow the wine to mature at its own pace and the experience to know when it is at its best." - House of Arras

## Italy

*Franciacorta* is produced in Lombardy from predominantly Pinot Nero and Chardonnay and is the closest expression to Champagne made in Italy. Think complexity and finesse rather than other fruit driven styles made in Italy.

*Prosecco* is produced in the Northern part of Italy, is a fascinating wine for its gentleness, its suppleness, its moderate body, its velvet smoothness and its sapidity. Obtained by Charmat method is the ideal system for the production of sparkling wines with fruity aromas, as this method respects the original character of the fruit.

## Semillon

Semillon is regarded as a great and unique wine of Australia. Low alcohol, no oak, grassy/hay through to citrus and lime flavours as young wines. It demands time in bottle, and rewards by developing from a zesty, grassy, lime and lemony youth, to a crescendo of palate pleasing richness, hinting at the likes of honey, roasted nuts and buttered toast, at 5 to 20 years of age.

### BROKENWOOD

AUSTRALIAN CRAFT AT ITS FINEST

*Iain Riggs joined Brokenwood in 1982, introducing new winery equipment and facilities specifically for premium white wine production.*

*At five to ten years Hunter Semillon takes on a green-gold hue and rich toasty characters. ILR Reserve is only released at five years of age.*

## Sancerre and Pouilly Fumé: Birthplace of Sauvignon Blanc

The two communes of Sancerre and Pouilly Fumé, where arguably the best Sauvignon Blanc in the world is produced, sit on the eastern end of the Loire Valley in France. Many lovers of Sauvignon Blanc consider this is the true home for this grape. While New World producers (e.g. California and New Zealand) are creating excellent fruit-laden Sauvignon Blanc's, the producers in the Loire Valley excel in complex, mineral-driven expressions of Sauvignon Blanc.

## Riesling Australia

Riesling has an ability to mature with age as well as delight with its youthful freshness. In addition to the famous Clare or Eden Valleys of South Australia, which develop this grape's classic honey, toast & citrus characters with age, there are more fine examples of Riesling from Western Australia's Great Southern region (great complexity), from Tasmania (crisp and perfumed) and the Barossa Valley (more rounded and full-flavoured) – [wineaustralia.com](http://wineaustralia.com)

## MARC BRÉDIF

The cellar of the Domaine Marc Brédif, which dates back to the 10<sup>th</sup> century, is one of the most famous cellars in the Loire. In 2km of caves, one million bottles of Vouvray slowly mature, some well over 100 years old. The winery is owned and operated by the Baron de Ladoucette, who maintains exceptionally high standards throughout his wines; his are considered to be some of the finest examples of Vouvray.

## Rosé

Our favorite winery in Provence. Set in wild countryside and bordered by a vast evergreen oak forest, the Ultimate Provence vineyard produces high quality rosé. Intense and well defined aromas of cherries, strawberries, white peaches, pink grapefruit and dry herbs notes.

## Red Burgundy, France Grand Cru

### Domaine de la Romanée-Conti

#### Vosne- Romanée

*La Tâche Monopole. Holding a remarkable reputation for producing great pinot even in the vintages considered to be difficult. La Tâche is said to be a more flamboyant wine than Romanée Conti. It has a great intensity, colour and structure, a result of vines with an average age of 47 years.*

#### Romanée-Saint-Vivant

*Described by the Domaine as flirtatious : one cannot help loving it. Behind this grace resides a strength in such perfect balance that, at first, it was imperceptible.*

#### Richebourg

*The 2020 Richebourg Grand Cru is wilder on the nose, revealing aromas of rich exotic spices, wild berries, cassis, coniferous forest floor, smoked meats and a discreet touch of sweet saddle leather, followed by a full-bodied, fleshy and enveloping palate that's rich and layered, with huge levels of concentration and ripe structuring tannins, concluding with a long, violet-inflected finish.*

### Chambertin

*Often praised as one of the best expressions of Burgundy region, these full-bodied and powerful red wines are a perfect match to game, but they can also work well with lamb, poultry, or beef, preferably served in rich wine-infused sauces.*

### Chambolle-Musigny

*The wines of Chambolle-Musigny are typically described as the most "feminine" among the red wines of the Côte de Nuits, with floral elegance rather than power.*

### Morey St Denis

*At under 100 hectares of vineyards (but an impressive 40 ha of grands cru) Morey St.-Denis is smaller even than Chambolle-Musigny. Clos de la Roche is considered as one of Morey-Saint-Denis' best climats, and makes plump, structured wines with cherry and truffle characters.*

### Corton

*Corton is the grand cru appellation covering the slopes of the Montagne de Corton hill in the Côte de Beaune district of Burgundy. It is the largest grand cru vineyard in Burgundy. Typically rich and relatively tannic, meaning that it is quite austere in its youth but develops well with age. Flavors of violets, forest berries, leather and earthy notes.*

# Iconic Australian Shiraz

Australia has many wines worthy of the 'Iconic' title, below are just a few.

Shiraz (the same grape as Syrah in France's Rhône Valley) was one of the first vine varieties to arrive in Australia in 1832. So at home was it on its new turf, plantings prospered and it wasn't long before the local population began to take it for granted. However, by the 1980s people had begun to realise how versatile it could be, its character changed depending on the region in which it was grown.

- Wineaustralia.com

Grange is sourced from Kalimna in the Barossa Valley, McLaren Vale, Adelaide (Magill) and Padthaway in South Australia. Penfolds Grange displays fully ripe, intensely flavoured and textured Shiraz grapes in combination with new American oak. The Grange style is the original and most powerful expression of Penfolds' multi-vineyard, multi-district blending philosophy.

## HENSCHKE

Hill of Grace is a single historic vineyard located in the Eden Valley of South Australia. The century-old Shiraz vines were planted around the 1860s by an ancestor, Nicolaus Stanitzki. This 100% pre-phyloxera Shiraz vineyard lies opposite an old Lutheran Church, built of local stone, which was euphoniously named Gnadenberg, meaning 'Hill of Grace'.

TORBRECK  
BAROSSA VALLEY

Torbreck Vintners was founded by David Powell in 1994. The flag-ship wine, RunRig, is a wine that exhibits so much power and latent richness some say that it could easily be mistaken for the hugely concentrated wines sourced from the sun drenched hill of Hermitage in France.

The newest super-premium to join the Torbreck line up is The Laird. This vineyard is perfect in every way and this vineyard also has an "X factor" which gives the wine an extra something that cannot be fully explained. The resulting small, concentrated berries produced consistently on the property make it the envy of all the winemakers in the valley. - torbreck.com

### BROKENWOOD

AUSTRALIAN CRAFT AT ITS FINEST

*Graveyard Vineyard is the jewel in the Brokenwood crown, responsible for the company's flagship wines. The vineyard was planted with Shiraz in 1970 - extremely heavy clay soils, yields are low & fruit flavour is intense through employment of meticulous vinification techniques.*

## Shiraz Blends

### Clonakilla

Winemaker Tim Kirk's ethereal and evocative Clonakilla Shiraz Viognier is perhaps one of the most important advances in the development of Australian Shiraz since the release of 1952 Penfolds Grange Hermitage. Clonakilla, meaning "Meadow of the Church" and located in a gently south facing fold of the cool southern tablelands at Murrumbateman near Canberra, was established by CSIRO research scientist John Kirk in 1971. Fourth son Tim is a theologian turned winemaker, learning his craft from his father and mentors Bailey Carrodus of Yarra Yering and Phillip Jones of Bass Phillip – Andrew Caillard MW

LAKE'S FOLLY

Lake's Folly was established by Doctor Max Lake and his family in 1963. Still family-owned more than 50 years later, Peter and Lee Fogarty and family along with winemaker Rodney Kempe continue to maintain the quality and integrity of this significant vineyard.

# Cabernet Sauvignon

Australia has been growing Cabernet Sauvignon for more than 100 years and our own Langhorne Creek region is home to the world's oldest officially recorded Cabernet Sauvignon vineyard – 2 acres planted in 1891. It was the region of Coonawarra, in the 1970s, which first brought international attention to Australia's version of this grape with its intense fruit flavours & a rich, seductive palate. Many regions now produce excellent 'Cab Sav' which can happily age for many years & develop those cigar box, spice & cassis notes that the varietal is famous for.

## Spanish Reds

Spain produces some exciting, world class red wines from regions such as Rioja & Ribera del Duero famous for their rich and savoury Tempranillo production. Rioja Alta is known more for its "old world" style of wine, which can tend to be a little lighter; the Rioja Alavesa produces wines with a fuller body & higher acidity; and the Rioja Baja wines are very deeply coloured and can be highly alcoholic with some wines at 18% abv.

## Barolo & Barbaresco *Italy's Noble Twins*

Among the most enticing Italian wines, Barolo and Barbaresco of northern Italy's Piedmont can be the most sublime and the most difficult to appreciate. Both are crafted from the thick-skinned, late-ripening Nebbiolo grape, which has proven unforgiving to almost anyone who tries to grow it anywhere but its native Piedmont. Extremely robust with aromas reminiscent of black fruits, tar & leather; high in both tannin and acidity, it takes an experienced hand to produce really great Nebbiolo that is both enjoyable in its youth & capable of refinement with extended aging.

### GAJA

The Gaja winery, located in the village of Barbaresco in the Langhe area of the region of Piedmont, in Italy, was founded in 1859. Angelo Gaja, perhaps the most influential individual in Italian wines over the last 30 years, came from a family of wine makers. Gaja revolutionised the wine business in Barbaresco and beyond. The word 'Sori' means a hilltop with a southern exposure. 'Sperss' is Piedmontese for nostalgia, used in reference to a return to making Barolo after several years of absence. 'Costa Russi' is a single vineyard acquired by the Gaja family in 1967. The name comes from the term "costa", the side of a hill facing the sun, and "Russi" a nickname of the previous owner.

## Sauternes *The Ultimate Dessert Wine*

The powerfully sweet & luscious wines of Sauternes in the Bordeaux region of France produce some of the most sought after dessert wines in the world. A result of the misty Ciron River, Botrytis cinerea (Noble rot), hand picking, elite winemaking and a combination of the grapes - Semillon, Sauvignon Blanc & Muscadelle, produce these great wines.

No other sweet wine has ever come close to achieving the prestige accorded to Château d'Yquem, for centuries it has been a favourite of many famous names, notably American Thomas Jefferson who ordered several hundred bottles of the 1784. D'Yquem's reputation rests on elegance and poise. There is no other.

## Liquid Sunshine

The Muscat & Topaque from north-east Victoria are truly one of Australia's "gifts" to the world of wine. These rich and textural wines are sometimes described as "liquid sunshine", as the grapes are generally left on the vine much longer than usual. This allows the berries to store more natural sugar while drying out slightly in the warmth of Australia's autumn days. Rutherglen Muscat & Topaque are classified under four descriptions that mark a progression in richness, complexity and intensity of flavour.

*'Rutherglen'* – is the foundation of the style; displaying the fresh raisin aromas, rich fruit, clean spirit and great length of flavour on the palate which are the mark of all the fortifieds of Rutherglen. Average age 2-5 years. Residual sweetness 180-240 grams per litre.

*'Classic'* – displays a greater level of richness and complexity, produced through the blending of selected parcels of wine, often matured in various sizes of oak cask to impart the distinctive dry 'rancio' characters produced from maturation in seasoned wood. Average age 5-10 years. Residual sweetness 200-280 grams per litre.

*'Grand'* – takes the flavour of Rutherglen fortifieds to a still higher plane of development, displaying a new level of intensity, depth and concentration of flavour, mature rancio characters, and a complexity which imparts layers of texture and flavour. Average age 10-15 years. Residual sweetness 270-400 grams per litre.

*'Rare'* – is rare by name and by nature. These are the pinnacle – fully developed and displaying the extraordinary qualities that result from the blending of selected parcels of only the very richest, and most complete wines in the cellar. Rare Rutherglen fortifieds are only bottled in tiny quantities each year, but for those privileged to taste them, these are wines of breathtaking complexity, texture and depth of flavour.

Minimum age 20+ years. Residual sweetness 270-400 grams per litre

## Madeira Bottled

The islands of Madeira have a long winemaking history and their fortified wines are some of the longest lived wines in the world, even after opening. Madeira is noted for its unique winemaking process which involves heating the wine up to temperatures as high as 60 degrees for an extended period of time and deliberately exposing the wine to some levels of oxidation, this replicates the historic sea journeys the wines used to take for sale in the UK. The styles of these luscious and complex fortified wines vary from the bone dry *Sercial*, followed by *Terrantez* (nowadays this varietal is practically extinct) to *Bual* (or *Boal*) and *Verdelho* to the sweetest style, *Malvasia* sometimes known as *Malmsey*.

A privately owned company dating back to 1850, *Henriques & Henriques* are the leading independent Madeira. These extremely rare wines were shipped directly from the cellars.

## Cognac 30mls

One of the world's most exceptional Cognacs, from one of the most well know and innovative producers; Richard Hennessy is made up of more than 100 of the most exceptional eaux de vie, some of which date from the early 19th century. Each one has been selected for its unique qualities. Balanced and complex, the rich bouquet slowly releases a succession of aromas that have built up over the years: vanilla, spices, pepper and delicately fragrant flowers. In the mouth, the infinitely refined texture reveals an extraordinary palette of flavours that blends spices, the subtle essence of ripe fruit and the finesse of oak.

# Australian Wine Regions

Australia has about 60 wine regions located across the country with 103 "defined geographic indications" for wine growing districts covering zones, regions and sub-regions. The following States and zones described are of the regions most represented on the glass wine list

**Western Australia** Two decades ago, Margaret River was better known for the classic surf break lying not far from the junction of river and sea but entrepreneurs have driven the development of vineyards and wineries that have overcome the State's geographic isolation and carved their mark not just within Australia but around the world. This region has become known for zesty Sauvignon Blancs, fine Chardonnay, superlative Cabernet Sauvignons and bold Zinfandel.

**New South Wales** was the first State to grow the grapevine, and is home to 5 of Australia's oldest wine companies and/or continuously operating wine brands; Wyndam Estate (1928); Lindemans (1843); Draytons Family Wines (1853); Mudgee Wines (1856) and Tyrrell's (1858). Boasting an incredibly diverse range of climates, NSW is famous for many varieties, including Semillon in a style unique to Australia.

**Victoria** is tucked into the south-eastern corner of the Australian mainland. It has many diverse regions. The warm-climate regions span the northern and western rim of Victoria and include the Murray Darling, Swan Hill and Rutherglen, which has carved a reputation for unique fortified wine styles such as Muscat. These wines do boast

hedonistic sweet fruit flavours concentrated through long dry autumns. Victoria's other wine regions are general cooler than those of the States to the north and west. One example is the Yarra Valley region, just half an hour's drive from Melbourne, which produces, among others, Chardonnay and Pinot Noir wines of elegance and incredible delicacy.

**South Australia** produces the majority of the nation's wine. The State also boasts some of the oldest vines in the world. The venerable old vines found in South Australia's Barossa Valley, McLaren Vale, Clare Valley and Adelaide Hills, through their isolation, survived the great phylloxera plagues that wiped out the vines of North America, Europe and Australia's eastern vineyards.
